

## DAUGHERTY

For Governor and Dick  
For the Senate.A "Zanesville" Agreement Has Been  
Made, 'Tis Claimed.

Columbus, Ohio, Aug. 18.—It is definitely understood here that General Chas. Dick will not be a candidate for Governor. A Zanesville agreement seems to settle upon Harry Daugherty as the man. General Dick's reason for not entering the arena here is that he hopes to remain a national character in politics. Then, if Senator Hanna's health will not permit him to be a candidate for Senator, Dick will step into his shoes; otherwise he will succeed Foraker, he hopes. The Kurtz men here confirm this version of the situation, and while it is not in accord with the interview recently given by General Dick in Akron, it is claimed to be positively correct.

"YOU AIN'T GAME  
ENOUGH FOR THIS,"Said Ed. Cahoon, and Drank the  
Deadly Mixture He Had Prepared.

"Dear Edna: You dared me by going to Cleveland. You thought I was a coward. I hope God will be as good to you as I have been. Ed."

This letter, addressed to Mrs. Edna Clark, is the last message of Ed Cahoon, cook at the Commercial hotel, in Barberton, who committed suicide about 6.30 o'clock, Saturday night, by drinking two ounces of carbolic acid, to the woman for love of whom he threw away his life.

The woman is a waitress at the hotel, and Cahoon had been paying her attentions for some time. His dream of bliss came to a sudden end Saturday, when Mrs. Clark left for Cleveland, and unable to endure the thought of separation and the fear that she was bestowing her affections upon another, the man ended his life.

He had evidently threatened to commit the deed as is shown by his last letter to her, and the fact that she left two addresses, one care of H. B. Baker, Euclid ave., Cleveland, and the other care of W. L. Irish, 195 Bridge st., Ashtabula Harbor, with friends that she might be notified, should "Ed do what he said he would."

Cahoon had been drinking all day Saturday and towards evening secured \$1 from the manager of the hotel. He started away from the hotel about supper time, but in response to the pleading of the manager that he stay

and get the supper he returned to the kitchen and resumed his duties there. After four or five persons had been served, however, Cahoon donned his hat and coat and without a word to any one, walked out of the front door. A few minutes later he returned and began mixing some eggs and vinegar in a glass.

"Make me some of that," said a bystander, who thought the cook was preparing a mixed drink with whiskey its principal ingredient.

"You ain't game enough for this," was Cahoon's reply, and a moment later when the contents of a vial had been poured into the glass and the entire mixture drained at a draught, the fumes of carbolic acid told the horrified onlookers that a tragedy had occurred. Physicians were immediately summoned but Cahoon had done his work well and within 20 minutes he was dead.

The coroner was immediately notified and the remains were taken to Durant's morgue.

The funeral will take place Tuesday, and the remains will be interred at Lakewood cemetery. Mrs. Pryor, of Northampton, sister of the dead man is here looking after the arrangements.

Ed. Cahoon was aged about 43 years and is well known in Akron and at one time worked here. Mrs. Clark is about 30 years old and has no children.

## ALL AKRONS

Will Play Their First Game Next  
Saturday.

There is no longer any doubt that this city will have an All-Akron team, and that it will be as strong a team as can be found in the state. The management of the city league held one of the most important meetings in its history, Sunday, and there the matter was definitely and unanimously decided.

The All-Akron team will make its first appearance next Saturday, and in all probability will stack up against the Warrens.

Other strong teams, such as the Youngstown, Piquas and Canton Marines, have written in for dates and these will be attended to as soon as possible, so that all Akron ball lovers will have to do in order to see first class base ball, will be to attend these games when they are played.

## ORGANIZED

Branch of C. M. B. A. at St. Joseph, Ohio.

Members of Akron branches of the C. M. B. A., went to St. Joseph, O.,

The nine or ten men to compose this team will be taken from the teams of the city league, and their places will be filled and the schedule of the league will be played out as originally intended. It is expected that the All-Akron team will be kept busy with out of town teams, and that the schedule in Akron will not be seriously interfered with. The line-up for Saturday's game will probably be about as follows:

Brownell, c; Eggers, Kittinger and Watts, p; Kossuth 1b; Kosh 2b; Crile, 3b; Smith, ss; McAllister, captain and 1f; Stone, cf; Shamalt, rf.

A glance at these names will show the initiated that these compose nearly the cream of players of the city league, and great things are expected of their playing during the remainder of the season.

Sunday, and there assisted in the organization of a branch of the order consisting of 20 members. Addresses were made by some of the principal officers of the order, and a good time was enjoyed by the Akron party, who returned home Sunday night.

SOME CANDIDATES MAY ALSO ATTEND THE SUMMIT COUNTY FARMERS' PICNIC, AUGUST 30

## CHEERS

For Boer Leaders  
In London.They Shook Hands With  
King and Queen.Self-Government In a Large  
Measure Is Wanted.

London, Aug. 18.—Saturday's glimpse of summer was today succeeded by a wintry downpour of rain. Despite the rain, however, crowds gathered about Horrex's hotel, where the Boer generals, Dewet, Botha and Delarey are stopping and waited to catch a glimpse of the Boer leaders. Delarey appeared at his window early in the morning and was received by the crowd with a hearty cheer. Later Botha drove out in a hansom and he also was given an ovation by the people outside.

The Boer generals were most cordially received by King Edward and Queen Alexandra aboard the royal yacht Sunday. They will leave tonight for Holland.

Amsterdam, Aug. 18.—There is no doubt that the Boers in Holland are organizing a big campaign to keep alive the hostility to the British, with a hope of securing a greater measure of self-government in South Africa.

The Duchess of Albany Queen Wilhelmina's aunt, is expected here tomorrow. It is believed she has a mission to induce the Dutch government to prohibit the Boers from establishing a propaganda on Dutch soil.

## WILL REPORT

## Against Increasing Salaries.

Finance Committee Says There's  
Not Money Enough.

The Finance Committee of the Council will report this evening against the increasing of salaries of the Police-men and Firemen, as provided in a special act of the Legislature. The members of the committee claim that they would like to see the salaries increased, if it were possible to do so, but they declare it is impossible under the present financial conditions of the city.

Councilman A. F. Koons said Monday that if the salaries were increased in accordance with the provisions of the act of the Legislature, the Police fund would be overdrawn \$10,000 next year, and the Fire fund, \$6,000.

## THE WEATHER:

RAIN TONIGHT AND TUESDAY.

HOW GOVERNOR'S CODE  
WILL AFFECT AKRON.

Gov. Nash admits that his code is not yet complete, and that abstracts published thus far may give wrong impressions on certain points, but he declares that by the time the Legislature is ready to act the measure will be complete in every respect. The code seems to have nothing to say about Police Judges, Health departments or School Boards. Provisions for these departments, the Governor says, will be made later. The general code, as outlined, will, if adopted, affect Akron as follows:

The present organization of the city will be turned upside down.

The Mayor will be elected for three instead of two years. The Board of City Commissioners will be abolished and a Board of Public Service of three members substituted, elected by the people, instead of appointed by the Mayor and Probate Judge.

The Council will comprise 11 members, instead of 16—three to be elected by the people at large, one to be elected by the voters of each ward, and extra members to be elected for every 15,000 over 10,000 in the population of the city. The city will have to be redistricted into six instead of eight wards for Council representation.

The president of Council will be a separate officer, having executive authority next to the Mayor, and succeeding to the latter office, in case of a vacancy. He will be elected by the people instead of by the Council.

The office of Police Prosecutor will be abolished, his duties to be linked to those of the City Solicitor, who will be appointed by the Mayor for a term of three years.

A Board of Public Safety will be appointed by the Mayor to have charge of the Police and Fire departments.

A City Auditor will be elected by the people.

The Board of Education will probably be comprised of 11, instead of 16 members, according to the wards.

The Cruel Butchery of  
Indians by Mexican Soldiers

Fort Worth, Tex., Aug. 18.—Alvin N. Jack, who was an eye witness of the execution of 30 Yaqui Indians at Torin, State of Sonora, Mexico, has arrived here and corroborates the story first reported about the killing. He says the Indians came down out of the Sierra Maiores mountains to

get water, and were surprised by Mexican soldiers, who captured them after a short skirmish without much resistance. They were marched two miles to Torin to a large abode building, and marched out one by one, placed against the abode wall and shot down in cold blood by a detachment of six soldiers, lined up a few paces off.

## WILL CHRISTY

Becomes President of Firestone  
Tire & Rubber Co.

Mr. Will Christy has been elected president of the Firestone Tire & Rubber Co., succeeding Mr. James Christy whose work in Washington precludes his being here. Mr. J. A. Swinehart was elected vice president, Dr. L. E. Sisler secretary and treasurer and Mr. H. S. Firestone, general manager, at the annual meeting which was held Friday. The company has lately made some first-class contracts for tires in South America.

LAZINESS IN  
THE MINISTRYCharges the Director of National  
Bible Conference.

Warsaw, Ind., Aug. 18.—The eighth annual session of the National Bible conference opened at Winona, Sunday, with fully 1,500 ministers of various

denominations in attendance. The opening sermon was preached by Rev. J. Wilbur Chapman, the director of the conference. The speaker lamented the condition of coldness prevalent in the churches of today. He also told the preachers that they were not preaching Christ, and that in the ministry at present, there seemed an accentuated disposition toward idleness.

## SIGNED

The Tariff For United States In  
China.

Washington, Aug. 18.—The State department made the following official announcement today:

"On Saturday, Aug. 16, Mr. Sharretts, United States Commissioner for tariff revision in China, informed the State department by telegraph that he had signed the new tariff for the United States, together with the representatives of six other nations, including England, Germany and Japan.

## BURNED

By Explosion of a  
Lamp.Miss Ida F. Gayer Seri-  
ously Injured.Father Forgot His Own Illness to  
Save Her.

Miss Ida F. Gayer was seriously burned, Sunday evening, at 8 o'clock, at the home of her parents, Mr. and Mrs. Wm. F. Gayer, 306 Sumner st., as the result of an explosion of coal oil in a lamp.

She was alone in the kitchen at the time of the explosion. Her father and mother, both of whom are in ill health, were upstairs in bed. The lamp began to smoke and act strangely and Miss Gayer picked it up, intending to throw it out into the yard. The explosion occurred just as she reached the door, and burning oil was scattered all over her clothing. She screamed that she was on fire, and her father, hearing her, grasped a blanket from his bed and rushed down stairs. He wrapped the blanket around his daughter and extinguished the flames, but not before her hands and her body from the waist down were badly burned. Fortunately, her face was not injured, at all, and her hair was only slightly singed about the forehead. Drs. L. C. Rankin and C. A. Dixon were called and the injured girl was removed to the home of her uncle, adjoining that of her parents, as it was feared that to keep her in the house with her mother would work serious ill to the latter, as she has been an invalid for nearly a year. The physicians, after an examination, reported that while the injuries of the girl were very painful, they would not result fatally. She was unable to sleep last night, but was resting more easily Monday.

Under the circumstances, Miss Gayer escaped well. Her father, who came to her rescue, has been crippled badly by rheumatism, but he forgot all about it when he heard her cries for help, and reached her side promptly.

SHE DIED OF  
NATURAL CAUSESResult of Post-mortem in the  
Barberton Mystery.

(Special Correspondence.)

Barberton, Aug. 18.—The autopsy which was held over the body of Mrs. Anna Long, Saturday, proved that the woman died of a laceration of the left lung caused by a calcareous deposit and the rupturing of a blood vessel. Coroner Leberman looked into the case very carefully and although the death was mysterious, it was from natural causes.

## LABOR DAY.

Prospects Never Better For a Great  
Celebration In Akron.

By James J. Mahony,  
President of C. L. U.

In reviewing the situation relative to the coming celebration of Labor Day in Akron, I am impressed by the fact that indications were never more encouraging to the belief that it will truly be one of the greatest days ever experienced by the labor organizations of this city. It would be difficult to find a time when harmony existed to a greater degree among the local employees and their employers, or when business men, merchants and manufacturers took a greater interest in our arrangements for the celebration. There seems to be that unity of feeling which guarantees success and the continuance of good will.

All our arrangements are being made with a view to giving the public something good on Labor Day—to show the dignity as well as the strength of Akron's laboring classes. Every union in the city will be represented and each is enthusiastic over the prospects for the success of the undertaking. Each of the unions will display its trade properly and they are now vying with each other in arranging novel displays.

And the merchants, business men and manufacturers will also have displays in the procession. These will be in the Industrial division, which gives them splendid opportunity for advertising their business.

There will be scores of good street attractions, among them an exhibition of how the aerial truck of the Fire department is operated, and Fire Chief Mertz has also promised to appear in the procession with one of the fire companies. Interest is growing daily in the barbers' hair-cut and shaving contest, and fun galore is bound to come of it. I cannot undertake at this time to review all the sport and amusement features we are procuring, but the program in full will be announced later in the week.

In securing Geo. A. LaFayette, of Chicago, to deliver the principal address, we feel like congratulating ourselves. He is a speaker of national reputation and has wonderful ability. He is 50 years of age, and is a lawyer, actor and poet. At present he is organizer for the bricklayers and masons, and the labor organizations of five other cities tried to secure him for Labor Day. His speech will be one that should be heard by all.
